About Us

Our print house and consultancy partners experience spans over a decade establishing as a leader within the industry. The production facility spans over 55,000 sq ft. Powered by investment in the state-of-the-art technology, innovation, and subject matter experts we provide a comprehensive end to end solution for your printing needs. Our ethos ensures quality is at the heart of all our operations and with client centric consultancy whilst providing great value.

Print Capabilities & Services

Our consultants and partners have over twenty years of experience printing millions of pages and hundreds of thousands of books. The production facility spans over 55,000 sq ft. The drive for excellence in quality and service spears and shapes our roadmap for continuous development. As a market leader in the print industry, we continuously invest in the latest technology and our highly skilled workforce giving us a competitive edge to deliver excellence and service. We directly import all our materials bringing optimum results at the best price directly to our clients.

With a complete integrated in house end to end service, our production facility operates round the clock making no job too small or too big for us. With all operations in-house, this allows us to help you drive down cost without compromising quality and service whilst transforming your vision into a reality.

We work very closely with our clients throughout the journey of the project with continuous checkpoints. We cut away technical jargon and ensure that the client's vision is at the forefront of our delivery. Your work is our work. Your success is our success.

Pre-Press

To produce a superior print, it all starts in our Pre-press department. It is of paramount importance that the project file is of the highest quality possible. We ensure this by using state of the art software approved by the ISO standards coupled with dedicated experts. Our team of specialist experts examine your file with precision and diligence optimising it to achieve the ultimate result.

Once a file is reviewed and analysed, we feedback to our clients. For each stage we place a checkpoint to pro-actively review progress with our clients driving quality within cost and timescales. Our clients are at the heart process.

**“Begin as you mean to go on, and go on as you began,
and let the Lord be all in all to you.”**

Customer centricity is a culture of putting the customer at the centre of everything.

Sheet-fed Offset

For the most professional and crisp results, you can rely on Black Mantle to deliver. Our start of the art KBA Rapida powerhouse, operated by experts' technicians has the capacity to print over 35,000 premium quality impression per-hour combined. From design to a prototype, we are ready for the challenge.

Specialist Finishing

To add the special touch, stand out from the crowd or set the bar we have the right finish for you. We deploy the finest finishing techniques to ensure your vision of greatness manifests into a masterpiece. From embossing to debossing, foil blocking to varnishing aqueous we'll add the winning finishing touch and bring your vision to life.

Specialist Artwork

Calligraphy and Illumination (Thezib): We have partnered with calligraphers and illumination (Thezib) specialists who have trained learning the skill under watchful tutelage generation after generation. We work with clients to create be-spoke master pieces. Please see our flagship project 'Hilye' in the portfolio section. We can help digitalise these art works to be re-used or re-printed without losing the original touch and quality.

Our Flagship Project

Ark of Light Series: Word-portraits of Ahl al-Bayt

Inspired by the Muhammadan Hilye tradition, we have commissioned the first ever Hilye paintings of the sacred members of the Prophet's family, the Masters of the Cloak: Sayyiduna 'Alī, Sayyida Fātima, Sayyiduna Hasan, and Sayyiduna Husayn عليهم السلام.

This series is an unprecedented work to revitalise the connection between the faithful and the Prophet's family ﷺ. We wish to adorn hearts and houses with their descriptions, hoping that with each glance, we will grow in love for these chosen souls.

From hand crafted patterns and calligraphy to the original layout of Hafiz Osman, every detail and aspect of the traditional hilye form has been painstakingly observed to ensure that your experience of each work is faithful and authentic.

The First in the Series: The Rose of Madina

The word portrait of our liege-lady Fātima ﷺ is unique from the onset as it is the first of its kind ever done. The hilye focuses on her qualities and personalities based on an authentication narration and early scholarly sources.

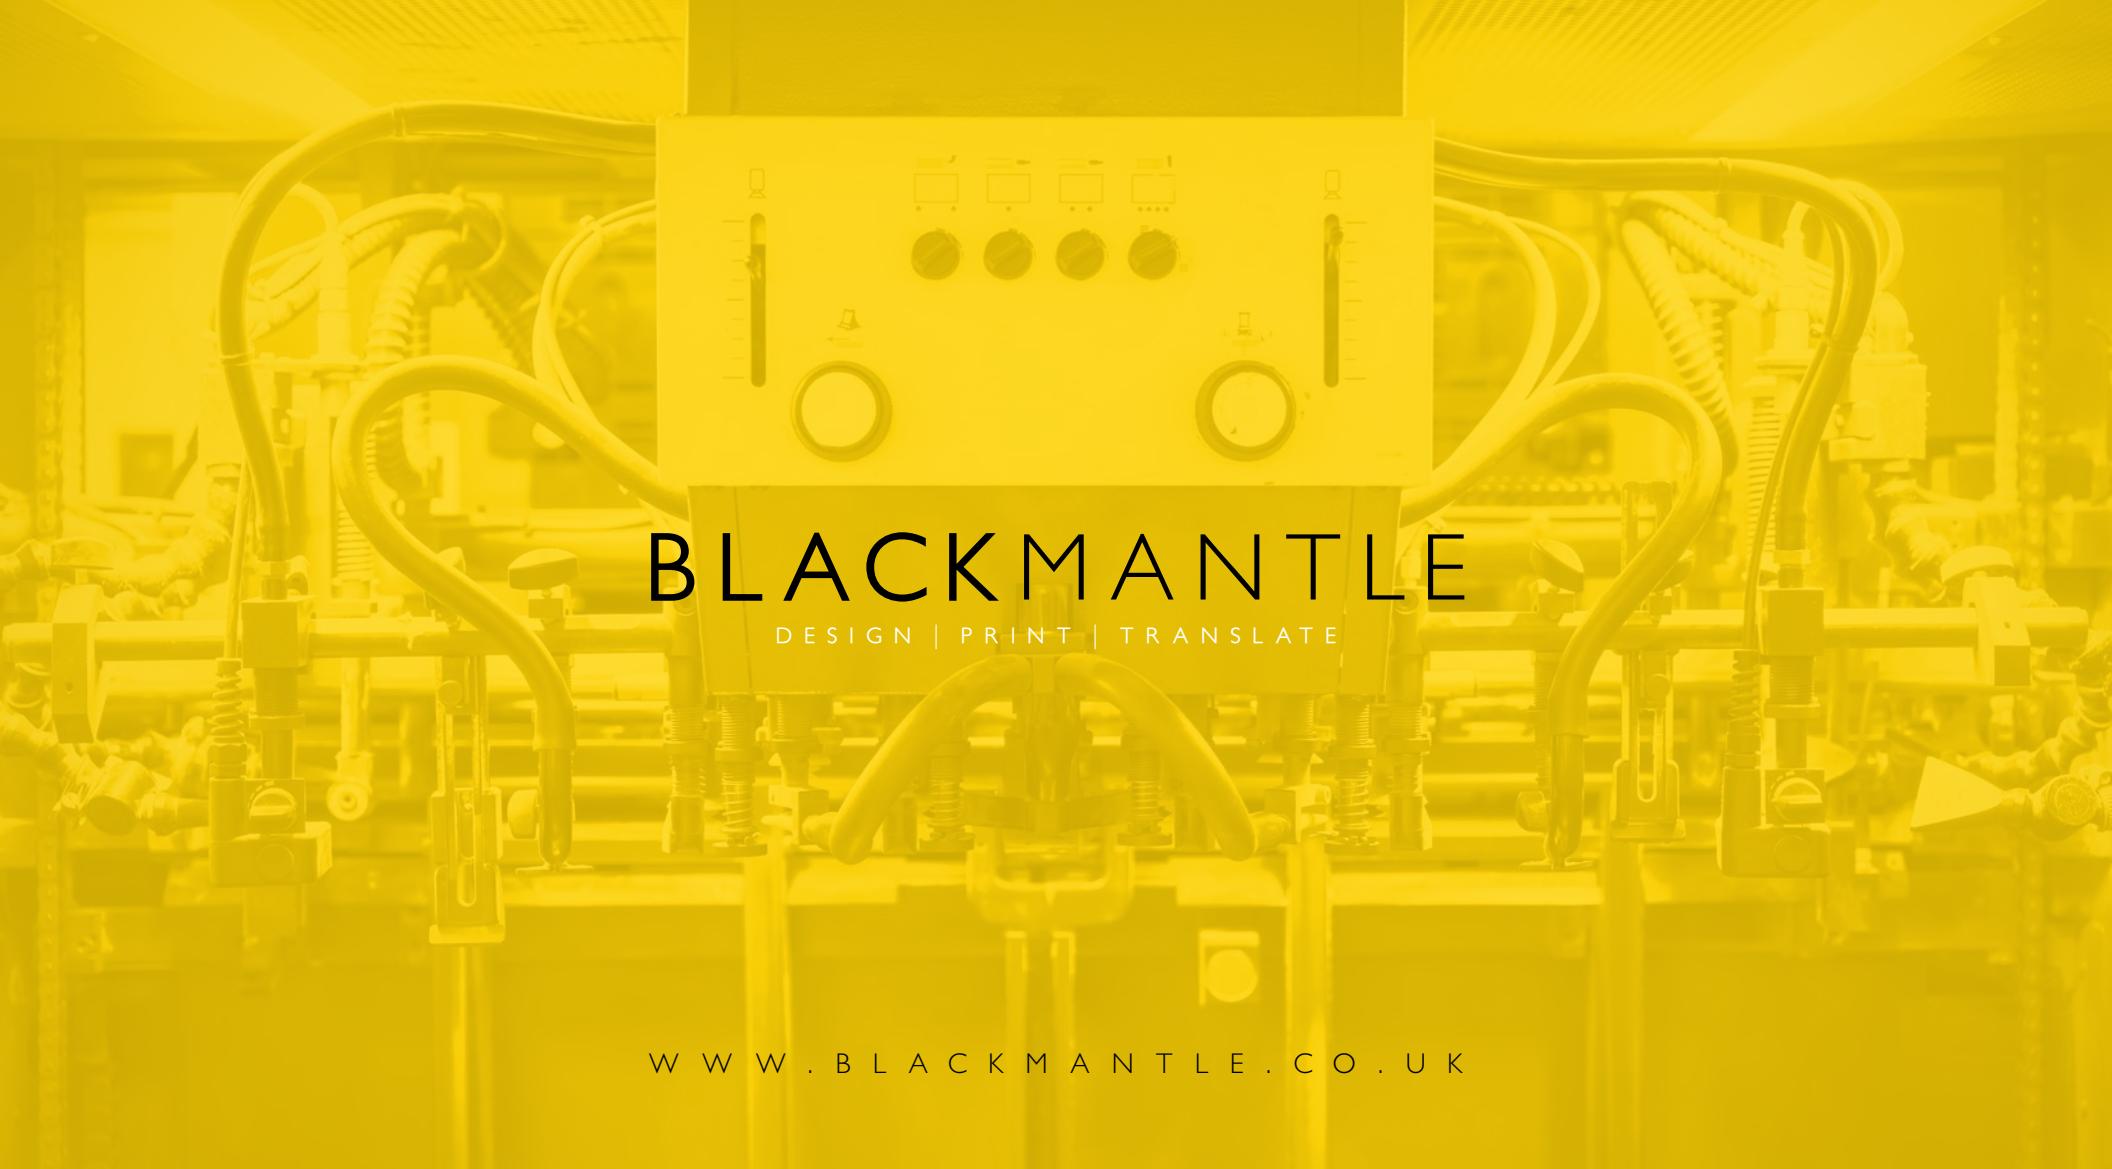

Design

Give us your vision and watch us bring it to life. Using our creative ways, we'll generate a meaningful design that resonates with your vision, clients, and the market. Each design is unique and tailored to generate market interest.

Logo: A corner stone of any business is its visual brand representation. Our approach is to understand your business, brand, and vision. We then transform your this into a logo that creates a long-lasting identity invoking the right first impression.

Book Design: Designing both print and digital, we create designs that consumers are instantly drawn to. We aim to match our capabilities with your vision, whether that be simple and effortless or unique hand artworks or bespoke calligraphy designs.

Calligraphy and Illumination (Thezib): We collaborate with leading calligraphers, expert illumination specialists, and digital artists to create bespoke and limited-edition master pieces. Our flagship project, Hilye, is a testimony to this. For more details, see the Portfolio section.
